

U.S. Congressman John Boozman

Congressional Records, 111th Congress, 15 June 2009

Mr. BOOZMAN. Madam Speaker, it is my pleasure to recognize and commend the Leadership Training Institute of America for its outstanding contributions to the development of our nation's youth. This organization is changing the world and shaping the future by inspiring Christian leaders to develop their critical thinking skills, study world view agendas and strategies, influence their communities with a Biblical world view, and excel as leaders.

LTIA, headquartered in Fayetteville, Arkansas, is a cultural think tank that provides high school and college age students with training and opportunities in cultural dynamics and leadership values. This organization's mission is to identify, inspire, and instruct students for world view leadership and it has done that with hundreds of youth around the world.

It is imperative for us to have organizations like this that are on the forefront of training youth in world view struggles, which enables them to defend their beliefs and to understand why traditional, conservative values are important to a free and secure society. These are the biblical values that our country was founded on.

The students are encouraged to apply and excel in leadership, critical thinking skills, scientific knowledge, historical facts, world view conflicts and strategies and Biblical wisdom. They are exposed to the major philosophies, views, and issues of our world today and are encouraged to pursue careers in influential sectors of society.

With great pride, I salute the Leadership Training Institute of America for its unrelenting dedication and commitment in training and equipping our youth for the challenges they will face tomorrow in the dynamic and ever changing world.
